HELPFUL TO THE MEN OF THIS COMMUNITY

A GREAT TEACHER

Every man in High Point should go at least once and then often as he could, to hear Prof. Thornwell Haynes talk before the Baraca class at Wesley Memorial M. E. church. Regardless of church affiliation this should be done, because we believe each man would derive lasting benefit from so doing which would make him a better citizen by broadening his sphere in life and at least put him to thinking along lines helpful to himself, his family and consequently to his town and community.

We believe that the people of High Point would be repaid a thousand fold if they would secure the services of Mr. Haynes each Sunday to talk to them along the same lines he follows at the Wesley Memorial church, in some place large enough to hold the audience. It would be a good investment at \$1,000 a year but Mr. Haynes is doing his work "without money or price."

His talks are more interesting and certainly calculated to do more good than a dollar-a-night attraction at the best theatre.

TRADE AT HOME

Outsiders contribute very little to the success of your town.

Your daddies make their money here and here is where you should leave it.

Our merchants can supply your every wants so there is absolutely no excuse of your journeying elsewhere or patronizing the mail order sharks.

If you are loyal you will take pleasure in helping your town by keeping all the money possible within its borders.

Town pride should demand this if nothing more.

WITH OUR ADVERTISERS

The Commercial National Bank has space with us, seeking your patronage. This week the bank tells you of two wonderful machines just installed for the prompt and efficient handling of your accounts--another step in progress by the oldest bank in the city.

The Bank of Commerce has a liberal space in this issue, telling you of the little coin that is worth 25c to you and encouraging you to become more independent through a bank account. Cashier Millis is anxious to explain in detail. See him.

Miss Venetia Smith is showing her fall line of millinery which is very pretty indeed. It will pay you to call at this exclusive millinery emporium.

We call attention to the statement of account of the Home Banking Co. in this issue which is well worth reading.

The Home Banking Co. is seeking your business and has space with us with this end in view.

H. A. Moffitt announces his millinery opening for Thursday and Friday. See ad.

High Point Perpetual B. and L. association has an ad in this issue. Read it.

Woods' Dry Goods store has a well-worded ad with us this week to which we call your careful attention.

Hart Drug Co. has an ad with us and will occupy their space regularly and we ask that you read the ad of this popular drug store each week. "Stationery" is the subject this time.

Allen Department store is after your business, each week in The Review, and with the goods of the dependable kind at the right prices, well placed before you in a strong ad it is up to you to take advantage of the occasion.

BACK WITH KLINGMAN

Greensboro, Sept. 15.--O. C. Klingman, former business man of this city, arrived here from Seattle today, accompanied by Sheriff Stafford and Deputy Sheriff Phipps. The trip from Seattle was made in six days. Klingman is indicted for misappropriation of a sum from J. I. Case Threshing Machine Company, for which he was district manager. He says the sum was about \$8,000, while the company alleges it was about \$30,000.

LOCAL CONCERN DESIRES TO SPREAD OUT FOR BIZ

NORTH STATE COMPANY WANTS MORE STATIONS

The North State Telephone company of High Point presented to the board of commissioners of Greensboro Monday afternoon a proposed ordinance under which the company desires to increase the number of long distance stations it is now operating in Greensboro. Under the present charter the North State is allowed to operate twenty-five stations in Greensboro and some time ago a request was made for a new charter which would allow the installation of from 15 to 25 additional ones.

The proposed ordinance presented would give the North State company the same privileges as those enjoyed by the Bell Company, that is concerning long distance stations. The independent company has no desire to install local telephones. The ordinance was referred to the city attorney who will investigate the present charter and see if it is possible for a new one that will permit the enlargement of the North State facilities in Greensboro to be granted. The commissioners took the matter under consideration until the attorney makes his report.

WITH THE RECORDER

Thursday's court developed several cases of a minor nature:

Earl Palmer, colored, charged with slapping his wife, was given 15 days notwithstanding his wife objected. Palmer took an appeal.

Ralph Kootz, white, 18 years old, was charged with non-support of his wife but owing to a technicality in the warrant, was released.

Walt Ganaway, colored, contributed \$5.00 and costs for speeding.

In the Collins Horney-John Austin case Horney was taxed with \$5.00 and one-half the costs and Austin only one-half the costs, as Horney seemed to be the aggressor. The melee originated over a transfer customer.

AT AUDITORIUM IN WINSTON

Al. G. Field Greater Minstrels is billed for the auditorium at Winston tomorrow night and it is a safe bet that scores of people from this city will be on hand to see this idol of minstrelsy. With splendid roads and the good feeling existing between the Furniture and Tobacco cities it will be a pleasure to take in the splendid attractions in the Twin City from time to time.

Tuesday night, Sept. 21st, "Potash and Perlmutter," the laugh show of the world is the attraction at the auditorium.

Remember Al. G. Field's tomorrow night and the "Laugh Show" the 21st.

"MECHANICAL BRAINS"

The Commercial National Bank has installed two wonderful machines with artificial "human" brains, called the Burrough's book, keeping machines which intelligently and accurately do the work of the brains of the most intelligent person, and which will prove of value not only to the workings of the bank but to their customers as well.

BEGINS STUDY OF DEFENSE PROGRAM

Washington, Sept. 15.--President Wilson today began a detailed study of preliminary reports on National defense submitted to him by Secretaries Garrison and Daniels. He is paying particular attention to the probable cost of strengthening the army and navy.

A decision on just what increases shall be recommended to Congress will not be reached by the President until he has received further reports from heads of the departments, and has conferred with the chairman of the military and naval affairs committees of the Senate and House.

APPRECIATIVE CONGREGATION DOMICILES PASTOR

BUY HOME FOR PASTOR

The Lutheran congregation here has purchased from B. E. Burns the house and lot almost opposite the church for a home in which Pastor P. D. Brown will live. This congregation is to be congratulated upon the good work it has accomplished and especially under the present pastorage.

TO SHOW UP HIGH POINT IN THE MOVIE WORLD

FILM CO. ORGANIZED

William A. Roberts, formerly of St. Louis, now of High Point, who for some time has been interested in staging and manufacturing motion pictures, has organized the Sunset Film Manufacturing company, with offices in High Point, and this company, under his management, will begin work immediately making "movie" films of scenes in and around High Point.

Besides the manager, Mr. Roberts, W. A. Copeland, Fred Jones and other local men are interested in the concern. Practically all the scenes will be staged in or around High Point.

CITY WINS ITS FIGHT

In the case of E. I. Jones against the city of High Point for alleged sewerage damage and in which Jones was first awarded \$1,300 and last week \$3,000 by a jury trial, Judge Justice set the verdict aside as being excessive.

PATIENCE HAS CEASED TO BE A VIRTUE HERE

THE FALSE ALARMS

The firemen are right--the false alarm business has already gone too far and here's hoping that Chief Ingram and the city officials will run down these dare devils causing unnecessary risk of limb and life.

BOILING WATER DISFIG- URES THIS NEGRO'S FACE

COLORED BOY BADLY BURNED

Friday afternoon Lacey Coe, a fourteen-year-old colored messenger boy at Hart Drug Company's on South Main street, met a very serious accident whereby nearly the whole of his face was burned off by boiling water. In the rear of the store he was busy placing a large caserole of water on the gas stove to boil. After the water had been at the proper temperature for some time he attempted to remove the vessel when suddenly the top blew off and all the boiling contents were thrown directly into his face. Two doctors were immediately called and spent the greater part of two hours in dressing him. Very little seemed to be left of what was once his face except his eyes, nose and mouth. While it is expected he will live, nevertheless he will always doubtless present a rather hideous spectacle the rest of his life.

MILLINERY OPENING OF MISS SMITH'S

This is opening day at Miss Venetia Smith's, the popular South Main street milliner, and a very large variety of the latest in feminine head gear is on exhibition for the ladies to inspect, admire and purchase. The hats this fall are exceptionally pretty and the prices are astonishingly low. A glimpse at a few will tell in a way of the many pretty creations, awaiting your selection. The Quaker sailor is a very catchy hat as well as the Pagoda and the steel trimmings being used this season is something out of the ordinary and sure to meet popular favor with mi-lady. The large hats with roll back effect are the dearest things imaginable and will catch the eyes of many, while the celebrated Fiske hats are just "too cute for anything." The Bird of Paradise hat is something swell and the Gaura and nu-middy creations are the "last word" in hat construction. The Ostrich plume is strong again this year also. Be sure to take a look today or tomorrow at these pretty hats. Miss Cromer, ably assisted by the Misses Smith, Sechrest and Klutz are anxious to show you the various styles and suit your taste.

LATE ITEMS OF INTEREST

State-wide prohibition has carried in South Carolina.

There is a country-wide pro-German campaign against the United States credit loan of one billion dollars to Great Britain and France and even the personal safety of the Anglo-French commissioners in this country is threatened.

The county road force is now at work repairing the High Point-Archdale road, which will be good news to all.

The Carolina league closes today with the rag in the hands of Asheville.

Sept. 26th will be observed as Home Coming Sunday at Greene Street Baptist church.

The Baracas and Philatheas of the M. P. church of Winston pic-niced at the M. P. Children's Home Tuesday evening.

Mr. and Mrs. Chas. Gurley desire to return thanks to kind friends for help and sympathy during the sickness and death of his baby.

H. A. White will attend the National Carriage Builders' association in Cleveland, Ohio, Sept. 21-23.

VOLUNTEERS TO PROTECT THE GOOD OLD U. S. A.

HIGH POINT BOY ENLISTS

We notice from Boyce's Saturday Blade where J. B. Wood, of High Point, is one among the hundreds enlisted in this paper's campaign for service, if needed, in the U. S. army for the period required to establish safety for Americans on our frontier and peace and order in Mexico.

CITY WATER CONTAMINATED

Friday Dr. Hugh W. McCain, city physician issued a public notice to the effect that our drinking water was contaminated and advising all to boil the water before using for drinking purposes. Heretofore the water has been good but the heavy rains the first of the month, were evidently the cause of carrying sewerage matter into the water.

An analysis will be made of the water every day or so until it again becomes fit to drink, and thereafter every month as has been the case heretofore.

In the meantime better go to the trouble of boiling your water--it may save sickness, doctor's bills and deaths.

IN REGARD TO OUR WATER

The Review expected to get the latest report on the city water for the paper this week. City Manager Lyon has wired for the analysis but up to time of going to press had not received it from the state chemist.

TO OUR SUBSCRIBERS

Beginning next week The Review adopts the paid-in-advance plan and we earnestly ask all that owe us to square their accounts before the next issue in order that they will not miss an issue of the paper. We have given you ample notice and if you do not receive your paper next week you will know the reason why. Those that owe us for subscription will be required to pay, according to law, if they do not otherwise before the 1st of October. As before stated, if you are not able to pay just now come to see us or write us so we can satisfactorily adjust the matter. Elsewhere you will find an offer where you can get four high class magazines one year each for only 18c all told by paying your subscription one year in advance to The Review. You never had such an offer before. Act now.

HEAVY FIRING HEARD

London, Sept. 15--A Reuter despatch from Maasluis, Holland, says: "Heavy firing can be heard in a westerly direction. It commenced at 9:30 o'clock this evening and by 10 o'clock became so violent that windows both here and at Hook of Holland were set rattling."

A BIRTHDAY PARTY

Miss Hallie Williams, the interesting 14-year-old daughter of Mr. and Mrs. W. T. Williams entertained a number of her friends at a birthday party Friday evening from 8 to 8:30 o'clock. The colors were pink and white, carried out in hall, library and dining room. In the center part of the dining table was a huge birthday cake with 14 pink candles, each candle representing a year in the life of the young Miss. Japanese lanterns adorned the front porch. Interesting games were played and a delightful time had.

A. E. Tate last week attended a meeting of the state hospital board at Morganton.
